Hi Kathy –

I just found out that an internal document is stuck in our system for signature. Let me get that fixed – and hopefully, the award will be done within the next couple of weeks.

I'll keep you updated.

Thanks,

Renee Chan

What is the status on the award documents for the GAP grant?

Subject: Preaward Costs for WRPT FY17 GAP Grant

Cynthia,

Thank you for taking the time for a quick conversation this morning. I realize I could have been more clear in my November 16 email to the Tribe regarding your Fiscal Year 2017 funds. When I said "This funding will support work plan activities from October 1, 2016 to September 30, 2017," I could have more explicitly stated that EPA will authorize preaward costs applied against this grant. That means that the Tribe is allowed to incur eligible expenditures against this grant dated October 1 or later, and to draw down for reimbursement of those expenses once the award is issued.

Please let me know if you would like to have a further conference call with interested parties at the Tribe to talk further about eligible preaward costs or any other issue.

Best wishes,

LE
